

HOW TO DOWNLOAD

library ebooks, digital audiobooks, and magazines

Get the app

Libby is free from your app store, and is available for Android, iOS, and Windows.

Find your library

Monroe Public Library is part of the Wisconsin Public Library Consortium. Typing the zip code (53566) is the quickest way to bring up this option.

Download

When you tap “Borrow,” Libby will show a screen with the name of the book and your card. Click on “for 7 days” to choose a different checkout period, then touch the “Borrow!” button. You can have up to 10 items checked out, and up to 10 on hold.

On the shelf

Click the book stack icon to see your borrowed items. Here, tap on a book’s cover to read or listen!

No fines

There are no overdue fines for digital materials! You can return books whenever you’re ready (touch the cover, then “Manage Loan”), or Libby will automatically delete them at the end of the loan period.

History

Click on the clock icon to view your loan and hold history timeline.

Get help

Click the main menu icon, then the “Get Some Help” button. You can also visit help.libbyapp.com. Visit or call the library for further assistance!

Add a card

From the menu, select “South Central - LINKcat Libraries” and enter your card number without spaces.

Browse the library

The building icon displays the main page of Wisconsin’s Digital Library, which gives you lists of items to browse. Tap the title of any list to browse, and choose “Preferences” to refine what you’re looking for.

Search for books

You can also search by title or author, using the magnifying glass icon.

Choose a book

When you find a book you’d like, click “Borrow” to check it out. If the book is already on loan, you can touch “Place a hold,” then enter your email address. Just like with regular books, you may have to wait for new and popular items.

A Place to Gather & Grow
